Rules of Competition

- All the entrants must enter the competition in appropriate classes and the Show Committee of the Competition (the Committee) reserves the right to re-classify exhibits into appropriate classes without the need to give prior notification to the entrants.
- Entrants are only allowed to enter one exhibit in each class unless otherwise stated.
- Exhibits with living creatures will not be accepted.
- Entrants are not allowed to act as judges in classes which they have entered.
- All entries should be delivered to the showground at any time from **9:00 am to 9:00 pm on 3 March 2020 (Tue)**.
- Late entries will not be accepted.
- Size of pots for exhibits of Sections III-VII: the diameter or the longest side of a pot or a pan means the internal measurement taken as near its top as possible. Failure to comply with this rule will lead to disqualification.

Definition of Terms

(A) Accessory

- Anything other than natural plant material in an exhibit.
- Electronic devices and chargers may pose danger in case of short circuit, and are hence not allowed as accessories.
- Plant material in its natural form can never be an accessory, therefore any number of placements of plant material can be used in an exhibit when accessories are prohibited.
- Plant material which has been tooled or crafted to resemble non-plant forms, e.g. a bird's nest, a corn dolly, a wooden figurine, is an accessory.
- Backgrounds, bases, drapes, title cards and containers holding plant material are not accessories and may always be used unless prohibited by the Committee.

(B) Plant Material

1. Natural Plant Material

- Natural plant material is any vegetable matter.
- It includes fresh, dried, garden, wild foliage, fruit, fungi, vegetables and seaweed.
Note: It is acceptable to enhance plant material by the application of oil, milk, wax or other similar products.

2. Additionally Coloured Plant Material

- Any natural plant material in which the colour or texture is altered by bleach, dye, glitter, paint, varnish etc. may be used unless specifically forbidden by the show schedule.

3. Types of Natural Plant Material

- Fresh plant material
 - Living plants or material cut from living plants.
 - Living plants and cut stem ends must be exhibited in water or water-retaining material. Failure to do this will result in disqualification.
 - Exceptions: Air plants, cacti, fruits, fungi, grass turf, lichen, moss, succulents, vegetables and long-lasting plant material, which will remain turgid for the duration of the Show.
Note: Lichen and moss, fresh or dried are acceptable in any exhibit.
- Dried Plant Material
 - Any dried, preserved, bleached, skeletonised, or made-up plant material including basket cane, raffia, seed pods, sisal and spathes.
Note: Lichen and moss, fresh or dried are acceptable in any exhibit.
- Driftwood
 - Any bark, branch, wood or root in a dry condition excluding seedpods and spathes.
- Garden Plant Material
 - Plant material that can be cultivated out of doors.
- Wild Plant Material
 - Plant material that grows uncultivated out of doors.

4. Natural Plant Material is further defined as follows:

- Flower/Bloom
 - A single stem supporting one or more flowers.
Note: Bracts, catkins, cereals, heads of grass, reedmace, reeds, rushes and sedges at any stage of their development may be used as flowers.
- Foliage
 - Leaves of any plant.
 - Unopened buds not showing petal colour are acceptable
 - Flowerless bracts of any plant are acceptable as foliage, but should not predominate in exhibits required to feature foliage.

- iii. Bracts
 - Flower-like bracts or sepals such as anthurium, ballota, clary, euphorbia, hellebore, hydrangea, molucella, poinsettia are acceptable as flowers and/or foliage.
- iv. Fruit
 - Berries, cones, fruit, fungi, nuts, seed-heads and vegetables.
Note: Catkins, cereals, heads of grass, reedmace, reeds, rushes and sedges at any stage of their development may be used as fruit.

5. Artificial Plant Material

- Artificial plant material is realistic or fantasy plant-forms, made wholly or partly from non-plant material. This includes fabric, glass, metal, plastic, plaster, polyester, ribbon, shells, silk, sugar wax etc. which is used as a substitute for natural plant material in an exhibit.
- ARTIFICIAL PLANT MATERIAL IS NOT ALLOWED.
- Individual pieces of artificial plant material are not allowed for use as accessories.
- Artificial plant material or artificial plant forms that are an integral part of a container, base, background or accessory are allowed.

6. Artificial grass turf is not allowed for any purpose (including bases)

The Chinese translation of information relating to “accessory” in (A) and “plant material” on (B) above is for reference only. In case of dispute, the English version shall prevail.

Notes

1. Except with the prior approval of the Show Committee, all exhibits must be bona fide property of the entrants and must be put on display throughout the entire show period (**3-15 March 2020**).
2. Entrants must ensure that their exhibits remain in a good condition during the show period. Should any exhibit wither to a state that is no longer suitable for display, the Show Committee reserves the right to remove it from the display bench. The entrant can retrieve his/her exhibit on the dates specified in paragraph 10 below.
3. Participants of Sections V and VII are advised not to use heavy pots and bases (such as marble bases). If the Committee considers that the pot or base is too heavy for the display table, it has the right to request the participant to use a lighter one.
4. The Committee reserves the right to refuse or withdraw any entry without any explanation.
5. Entrants will be disqualified for infringement of any rules and regulations.
6. The Committee will not be liable for any loss or damage caused to any exhibits, competition materials or accessories* due to accident or other reasons.
7. Awarding of prizes are at the absolute discretion of the judges.
8. Please note the following ordinances related to plants:
 - (a) Under the Protection of Endangered Species of Animals and Plants Ordinance (Cap. 586 of the Laws of Hong Kong), the import, export, re-export or possession of an Appendix I plant species (e.g. slipper orchids) or an Appendix II plant species of live and wild origin, requires a licence issued in advance by the Agriculture, Fisheries and Conservation Department. The import, export or re-export of an Appendix II plant species not from wild origin is also subject to the production of a valid CITES** export permit (or a Phytosanitary Certificate issued by any of the 11 Parties which has endorsement serving as CITES export permit for the export of an artificially propagated Appendix II plant species) and inspection by an authorized officer upon its landing or before export/re-export in Hong Kong.
(*CITES=Convention on International Trade in Endangered Species of Wild Fauna and Flora)
 - (b) As stipulated in the Plant (Importation and Pest Control) Ordinance (Cap. 207 of the Laws of Hong Kong), a Plant Import Licence issued by the Agriculture, Fisheries and Conservation Department and a valid Phytosanitary Certificate issued by an authorized officer of the Plant Protection Services of the exporting country are required for import of plants into Hong Kong. However, plants produced in and imported from any place in China outside Hong Kong are exempted from the licensing control of Cap. 207.

Note: If exhibit is a plant of the above-mentioned 8 (a) or (b), entrant must attach copy of the required licence or certificate together with the application form for record.

- (c) Under the Forests and Countryside Ordinance (Cap. 96 of the Laws of Hong Kong), damaging any plants in any forest or plantation on government land without lawful authority or excuse is prohibited. Some rare and attractive plants are specifically listed in the Forestry Regulations to control their sale or possession.
- (d) Under the Genetically Modified Organisms (Control of Release) Ordinance (the Ordinance), Cap. 607 of the Laws of Hong Kong, any person who knowingly cultivates seeds (e.g. seeds of pest-resistant GM maize), cut flowers (e.g. violet or blue GM carnation and violet or blue GM rose) or plants (e.g. GM petunia) of unapproved GM plants, or knowingly imports the GM plants or their seeds intended for cultivations in a field or into the open environment, commits an offense. An offender shall be liable upon conviction to a fine of HK\$100,000 and to imprisonment for one year.
9. Each entrant will be given a badge for free admission to the showground for the purposes of putting up, maintaining and retrieving his/her exhibit(s). The above arrangement is not applicable on the Judging Day (**i.e. from 9:00 am to 5:00 pm on 4 March 2020 (Wed)**). During the show period, free admission to the showground will be limited to the time specified below:
- (a) 9:00 am to 9:00 pm on weekdays
- (b) 5:00 pm to 9:00 pm on Saturdays and Sundays
10. Entrants can retrieve their exhibits in the following periods:

Date	Time
16 March 2020 (Mon)	9:00 am-9:00 pm
17 March 2020 (Tue)	9:00am-12:00 noon

Exhibits not claimed after the above periods will be disposed of by the Committee. The Committee will not accept the responsibility for any loss or damage incurred.

11. The Committee reserves the sole and absolute right to interpret these rules, regulations and conditions; and to settle finally and determine all matters arising out of the Show. The decision of the Committee will be final.
12. A prize will be awarded to the best exhibit in each section. Certificates will be awarded to the winners of each class. A prize presentation ceremony will be held at Victoria Park during the show period. Prizes will be presented at the ceremony and certificates will be sent to the winners by post after the show.
13. Results will be announced in the LCSD website: <https://www.hkflowershow.hk>

**Please refer to the part of Definition*

Declaration

- I hereby declare that I am not the judges in the Sections which I have entered. I confirm that I have read the rules and regulations of this competition and agree to accept and abide by the relevant provisions.
- For entry to Section I (Orchid - Excluding Chinese Cymbidium), Section II (Chinese Cymbidium) and Section V (Foliage and Carnivorous Plant)**

I understand that under the Protection of Endangered Species of Animals and Plants Ordinance (Cap. 586 of the Laws of Hong Kong), the import, export, re-export or possession of an Appendix I plant species (e.g. slipper orchids) or an Appendix II plant species of live and wild origin, requires a licence issued in advance by the Agriculture, Fisheries and Conservation Department. The import, export or re-export of an Appendix II plant species not from wild origin is also subject to the production of a valid CITES** export permit (or a Phytosanitary Certificate issued by any of the 11 Parties which has endorsement serving as CITES export permit for the export of an artificially propagated Appendix II plant species) and inspection by an authorized officer upon its landing or before export/re-export in Hong Kong. Under the Plant (Importation and Pest Control) Ordinance (Cap. 207 of the Laws of Hong Kong), a Plant Import Licence issued by the Agriculture, Fisheries and Conservation Department and a valid Phytosanitary Certificate issued by an authorized officer of the Plant Protection Services of the exporting country are required for import of plants into Hong Kong. However, plants produced in and imported from any place in China outside Hong Kong are exempted from the licensing control of Cap. 207.

Warning and Notes:

Anyone who imports, exports, or re-exports or possesses endangered species scheduled under the Protection of Endangered Species of Animals and Plants Ordinance (Cap. 586) without a valid licence, is liable to prosecution and subject to a maximum fine of HK\$5,000,000 and two years imprisonment on conviction.

Under the Forests and Countryside Ordinance (Cap.96), damaging any plants in any forest or plantation on government land without lawful authority or excuse is prohibited. Some rare and attractive plants are specifically listed in the Forestry Regulations to control their sale or possession. The maximum penalties for contravening the Regulations are HK\$25,000 fine and one year imprisonment.

Under the Genetically Modified Organisms (Control of Release) Ordinance (the Ordinance), Cap. 607, any person who knowingly cultivates seeds (e.g. seeds of pest-resistant GM maize), cut flowers (e.g. violet or blue GM carnation and violet or blue GM rose) or plants (e.g. GM petunia) of unapproved GM plants, or knowingly imports the GM plants or their seeds intended for cultivations in a field or into the open environment, commits an offense. An offender shall be liable upon conviction to a fine of HK\$100,000 and to imprisonment for one year.
